

MATE SEMINARS

Announcing the Spring 2023

Design & Pricing Virtual Seminars

4-day: Mon. Mar. 6—Thu. Mar. 9

2-day Crash Course: Mon. Mar. 27—Tue. Mar. 28

The cost of the 4-day seminar is \$1,200, and the 2-day seminar is \$900.

What the seminar offers

- ◇ The focus is on exam-type questions, with the primary emphasis being on math questions
- ◇ A large set of practice problems, including both original problems and exam problems from past FSA exams that apply to the current syllabus
- ◇ The instructor offers his support for the entire exam season, by being available to discuss questions that arise before and after the seminar
- ◇ An explanation of how exams are graded
- ◇ Suggestions on successfully preparing for the exam and answering the different types of exam questions
- ◇ A review of the case study and syllabus readings
- ◇ Summary lists of past exam questions, indicating the source of the SOA's illustrative solution
- ◇ Non-math questions from past FSA exams are listed in the seminar outline provided, to illustrate topics that have been tested in the past and how those questions were worded
- ◇ Ability to rewatch the recorded seminar
- ◇ Computer based testing (CBT) specific strategies
- ◇ Math practice problem tables provided in spreadsheet format
- ◇ A spreadsheet used to explain difficult math concepts and answer the math problems reviewed at the seminar
- ◇ The 2-day Crash Course is a condensed version of the 4-day seminar. It focuses on math questions and the most challenging non math topics. Both seminars share the same set of practice problems.

---- About the Instructor ----

Dustin has work experience in benefits consulting, commercial and government insurance, pricing, reserving, experimental design consulting, and teaching.

DUSTIN CONRAD
FSA, MAAA, MS

Dustin enjoys discussing how math and models combine to explain occurrences in our everyday world. He has earned a master's degree in the fields of Actuarial Science and Statistics. He is in his sixth year of teaching with MATE Seminars, and teaches all of our Group and Health exam prep seminars.

Virtual Seminar Information

Times are all based on Mountain Time Zone (MT). You can also use the time in Denver, Colorado as your guide.

Links will be emailed out one week beforehand.

Web chat to crowd source questions.

The presentation will be a combination of screen sharing documents and working problems together in spreadsheets.

A digital forum (Discord) will be available for use before and after the seminar to ask questions.

Seminar materials are mailed prior to the event.
