

MATE Seminars Extension Policy

We want to provide you with the most helpful tools you need to pass your exams. To help you achieve a passing score, we now offer our seminar attendees who need subsequent attempts a few ways to use our seminar study materials again.

Evergreen Seminar Access

If you have purchased a seminar and need any subsequent attempts for that exam, we are offering access to all of the following:

- The current season's pre-recorded seminar (this is a work in progress, and I will add videos as I complete them)
- Attendance at the current live seminar
- The recording of the current season's live seminar, after it is completed
- The digital versions of the current season's seminar outline, practice problems, and other seminar materials

The printed copy of the seminar materials is only provided for your first attempt; for subsequent attempts, you will need to use the digital copies of the seminar materials. You will need to reach out directly to Dustin to be added to any subsequent seminar distribution list.

MATE Seminars Extension Policy

Non-Seminar Materials

The Outline / Lists / Note cards / ANKI material is separate from the seminar materials. If you want the updated versions of that material, you will need to purchase that separately. If you do not want to repurchase that material, there are a few options available for you:

- The SOA does offer an option to purchase the updated study notes for about \$40. You will need to check the SOA's website for the exact cost and details.
- Sometimes, the newly added material to the syllabus is available online (the SOA's syllabus will have a hyperlink if this option is available). You can always check out our syllabus changes webpage (each exam has its own page) for a quick summary of the current syllabus changes.
- If your employer does not reimburse you for exam materials, we do offer a self-pay discount, which can be applied to the new MATE materials purchased.

In the Fall 2025 season, the SOA will restructure their exams. We'll use the SOA's credit transition mapping as the guide for which new exam's seminar your extension will be eligible. As the SOA releases more details, we will have more specific information.

If you have any questions about our extension policy, please write to Dustin at mateseminars.dc@gmail.com.

Policy form as of January 1st, 2024
